

Gross Automation Product Line Card

For over a quarter of a century, Gross Automation, LLC has grown to become one of the premier value-added distributors of best-in-class industrial automation and electrical control components, panels and systems. Let our experience and expertise work for you!

ABB Low Voltage Products and Systems Circuit Breakers, Connection Devices, Motor Protection and Control, Pilot Devices, Power Supplies, Safety Products, Wire and Cable Management

ABB Drives and PLC's Motors, AC Drives, Motion Control Systems, Medium Voltage Drives, AC500 and AC500-eCo Platform PLC's

ABB Process Automation Compact Product Suite, Freelance DCS, System 800xA, Control Room Design, Operator Workplaces, Recorders and Controllers

Servo Motors, Inverters, Servo Inverter-Integrated Motors and Systems

AC and DC Motors, Drives, Large AC Motors, Servos and Gear Motors

Industrial Molded Cordsets, Fieldbus Solutions and I/O Modules

Power Supplies, Solid State Switches, Limit and Safety Switches, Sensors and Controls

Non-Metallic Indoor and Outdoor Enclosures, Conduit Bodies and Fittings

ComAnt Omnidirectional, Offset Pattern and Directional Antennas, Arrays and Accessories

Fiber Optic Interfaces, Analog/Digital Transmitters, Bypass Switches and Ethernet

Jacketed and Unjacketed Metallic, EMI/RFI Shielded and Nonmetallic Liqueflex Branded Flexible Electrical Conduit

Terminal Blocks, PLC Wiring Systems, Railway Terminal Blocks, Mini-Blocks, Test and Measurement Terminal Blocks

Low Voltage Copper and Flexible Busbar, Grounding and Bonding, Distribution Blocks and Power Terminals

Audible and Visual Signaling, Outdoor Warning, Public Address and Telephony Products

Industrial and Electrical Enclosures, Racks and Rack Cabinets, Outlet Strips and Enclosure Accessories

Control and Automation Transformers, Low Voltage Distribution Transformers and Power Transformers

Industrial Mild Steel, Stainless Steel, Aluminum, Non-Metallic and Plastic Enclosures, Networking Racks and Cabinets

Industrial Cellular Modems, Routers and Gateways, Ethernet Switches and Industrial Computing

Safety Sensors, Switches and Locks, Emergency Stops and Pilot Devices, Safety Mats, Light Curtains and Controllers

Counters/Timers/Rate Meters,
Operator Interface Panels
and HMI Software
